Self Care Stop!

April is a month of beginnings - flowers begin to sprout, gardens are seeded, and the rain starts to go away. Spring cleaning can take many forms, inside and out. Here are some April challenges from us!

- Choose an hour to go tech-free! Once a day or once a week - disconnect and breathe.
- When the sun comes out, give yourself some time in the shine - and make sure to wear sunscreen!
- Pick something new to learn about! Have you always wanted to learn to crochet, or make your own hot sauce? Now's the time, we believe in you!
